IMPORTANT SAFETY INFORMATION - READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES

Some people (about 1 in 4000) may have seizures or black outs triggered by light flashes, such as while watching TV or playing video games, even if they have never had a seizure before.

Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.

Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

Convulsions
Altered vision

To reduce the likelihood of a seizure when playing video games:

- 1. Sit or stand as far from the screen as possible.
- 2. Play video games on the smallest available television screen.
- 3. Do not play if you are tired or need sleep.
- 4. Play in a well-lit room.
- 5. Take a 10 to 15 minute break every hour.

WARNING - Repetitive Motion Injuries

Playing video games can make your muscles, joints or skin hurt after a few hours. Follow these instructions to avoid problems such as Tendonitis, Carpal Tunnel Syndrome or skin irritation:

- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists or arms become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms during or after play, stop playing and see a doctor.

WARNING - Battery Leakage

Leakage of battery acid can cause personal injury as well as damage to your Game Boy. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery acid away from your eyes and mouth. Leaking batteries may make popping sounds.

To avoid battery leakage:

- Do not mix used and new batteries (replace all batteries at the same time).
- Do not mix alkaline and carbon zinc batteries.
- Do not mix different brands of batteries.
- Do not use nickel cadmium batteries.
- Do not leave used batteries in the Game Boy. When the batteries are losing their charge, the power light may become dim, the game sounds may become weak, or the display screen may be blank. When this happens, promptly replace all used batteries with new batteries.
- Do not leave batteries in the Game Boy or accessory for long periods of non-use.
- Do not leave the power switch on after the batteries have lost their charge. When you finish using the Game Boy, always slide the power switch OFF.
- Do not recharge the batteries.
- Do not put the batteries in backwards. Make sure that the positive (+) and negative (-) ends are facing in the
 correct directions. Insert the negative end first. When removing batteries, remove the positive end first.

Water Park Rides

Tube Trouble

- +Control Pad Left or Right: Run left or right.
- +Control Pad Up: Jump and hang.

A Button: Jump into a tube.

Pop the balloons to earn tickets before the timer runs out. Jump into one of the crazy tubes—it'll connect you to one of the same color tubes on another floor.

The colors change every few seconds, so keep an eye on where the tube will take you!

Balloons float up from the lowest level at different speeds, so you'll need to be quick to catch them. Run Polly into a balloon to pop it. Watch out for waterspouts that'll stop you from moving forward and waves that'll knock you down! If you see a wave coming, press the A Button and jump up to grab the ropes until it passes.

Free Time Power-up: Adds time to the clock.

Double Bonus Power-up: Star balloons are worth double tickets for 5 seconds.

Bumper Boats

+Control Pad Left or Right: Steer the bumper boat.

B Button: Use power-up.

Bump the other boats onto the shore to win tickets. The faster you're moving, the harder you will bump the other boats. Be careful not

to get stuck on shore yourself! Use the +Control Pad Left or Right to move the bumper boat around the lake. When you want to bump one of your friends, press the A Button for an extra boost. The small arrows on the screen will show you where your friends are. Keep an eye out for the power-ups—if you see one, steer your boat into it to pick it up. To use the power-up, press the B Button. If you knock one bumper boat into another and it gets bumped onto the shore, you can score extra points. Each combo is worth at least 10 points per person you bank!

Super Jump Power-up: Hop up and splash down to bump away the boats nearest to you.

Super Bump Power-up:
Bump your friends twice as hard.

River Crossing

+Control Pad Left or Right: Run left or right.

The quicker you cross to each of the islands, the more balloons you will find. The first balloon will start to float away after 15 seconds and the rest will follow after another

3 seconds, so be quick! You can jump onto the moving logs and green turtles—use the +Control Pad Left or Right to get in place, then press the A Button to jump.

Watch out for the red turtles; they are shy and will sink below the water right after you step on them.

Free Time Power-up: Adds time to the clock.

Double Bonus Power-up:
Star balloons are worth
double tickets for 5 seconds.

River Rapids

+Control Pad Left or Right or Up or Down: Paddle left, right, up, or down the river.

Ride the rapids and collect balloons to earn tickets. The faster you reach the end of the river, the more bonus tickets you earn.

Each of the three lanes in the river moves at a different speed, getting faster from left to right! Use the +Control Pad Left or Right to move Polly from one lane to another, and the +Control Pad Up or Down to move up and down the river.

Watch out for rocks, whirlpools, or other rafters—bumping into them will cause you to lose tickets and go out of control.

Each ramp will earn you a minimum of 10 tickets, and if you press the A Button while you are in the air, you can earn bonus points! If you can pick up the Star balloon, you can earn double points for 5 seconds!

Free Time Power-up: Adds time to the clock.

Before you launch a water balloon, make sure it matches the color of the inflatable ring your friend is floating in. Check the color of the water balloon in your water balloon launcher. If you want to change the color, press the B Button. You will see the colored water balloons lined up at the bottom of the screen.

Use the +Control Pad Left or Right to move the launcher target to the right place. When you are lined up with the friend you want to soak, press the A Button to release the water balloon.

If you get your friend with the wrong color, he or she will duck out of the way and you won't win any tickets.

go faster, but be careful going round the corners. On each of the tracks, watch out for ramps to jump—they will earn you bonus points and make you go really fast!

Speed Boost Power-up: Jet through the water 2 times faster for 2 seconds.

Power Burst Power-up: Blast though the water 4 times faster for 1 second.

The Giant Water Slide

+Control Pad Left or Right: Move from left to right.

Collect as many special flowers as you can while you rush round the Giant Water Slide to get the Giant High Score and open other levels of the ride. There are five levels to open!

You can only ride the waterslide when you have collected 2,000 tickets. If you forget the number, the helper at the Giant Water Slide

entrance will tell you how many tickets you need to ride. The ride is full of special flowers that earn you points for your high score. Use the +Control Pad Left or Right to move Polly around the sides of the slide as she soars down the ride.

There are five levels to open, so you need to keep earning more tickets. Here's how many tickets you need:

Open Level 1 = 2,000 tickets

Open Level 2 = 4,000 tickets

Open Level 3 = 7,000 tickets

Open Level 4 = 10,000 tickets

Open Level 5 = 15,000 tickets

At the end of the ride, you will see the number of points you scored and the Giant High Score. Can you get the best score ever?

If you score over 750 points, you will unlock an extra outfit in each of the Hidden Dressing Rooms. Remember to collect the Polly Flower to open the dressing rooms.

Bonus Flower

Each level contains a special Bonus Flower. Collecting the Bonus Flower will open the special bonus feature, where you can score up to 300 extra points. Watch the color highlight as it spins around the bonus meter. Press the A Button when the highest score is highlighted. You will get rewarded with tickets equaling the number the bonus meter stops on.

360 Spin Power-up: Spin all the way around the tube.

Double Bonus Power-up: Star balloons are worth double tickets for 5 seconds.

The Flower Timer

The Flower Timer tells you how much time you have left to enjoy your ride and earn tickets. As the time ticks by, the petals of the flower will disappear. When there are none left, the ride is over. Each ride in Single Player mode has a limit of 2 minutes.

The Ticket Counter

The Ticket Counter shows you how many tickets you have earned during a ride. You can see the number of tickets increase as you collect balloons and score points. The Ticket Counter on the screen at the water park entrance shows you how many tickets you have earned in total—remember, you need 2,000 tickets to open the Giant Water Slide.

You can also see how many tickets you have collected so far on the screen at the end of each ride.

The Polly Flower

In each ride, there is the Polly Flower to find and collect. When you spot the Polly Flower, run Polly or her vehicle over it to pick it up. The Polly Flower will open the Hidden Dressing Room containing new outfits for that activity. See the next page.

The Hidden Dressing Rooms

+Control Pad Left or Right: Switch outfits.

A Button: Go to the Difficulty Selection Screen.

B Button: Go to the Park Map.

Hidden in each ride is a special Polly Flower.
When you pick it up, a hidden dressing room will be unlocked, containing outfits that Polly can wear on that ride. When a dressing room has been unlocked, you will be told at the end of the activity and see the Polly Flower

next to the ride on the park map. To go to the open Hidden Dressing Room, just enter the ride as usual and you will go directly to it.

To look at the different outfits, press the A Button. When you see Polly wearing the outfit you like best, press the A Button to make your selection. To leave the Hidden Dressing Room and go back to the water park entrance, press the B Button.
